

Antwerp, 4 December 2020

Our ref. I/BR/00091/20.157/PBR  
Subject COVID 19

Dear Sir or Madam,

As you know the COVID-19 coronavirus has spread on an unprecedented scale, and the outbreak has been officially recognized by the World Health Organization as a pandemic since the 11th of March 2020.

The effects of this pandemic, which include containment, restrictions on business travel and protective measures taken by Belgian and foreign public authorities heavily impact our organization and the resources dedicated to the performance of our contracts.

Our business is impacted in several ways.

In light of the current situation, the company implements telework/home working which impacts the functioning of our teams and makes it more difficult to perform certain tasks including site activities. The same difficulties are expected from our partners and subcontractor(s) with the same consequences.

The impact of the abovementioned measures, and their combined effects, can put the company in a position where it is materially or substantially impossible to carry out our obligations within the contractually agreed deadlines.

We wish to keep you informed and assure you that we are nevertheless doing our utmost to reduce this impact on your projects.

Yours faithfully,

Jon Kemp  
Operational Director

Patrick Bruggemans  
General Manager
